

GERMAN ENGAGEMENT RINGS

Determine your partners ring size

After printing, make sure to measure the control dimension shown below first. This must be exactly 5 cm long. If the measurement is not correct, please check your print settings - A4 portrait format, no page margins, no page adjustment, print size 100% - and make another printout.

With the correctly printed ring template you are now able to determine the ring size of your partner.

Size determination with your partners ring

Place a ring, which your partner often wears, at the bottom of the matching circle. The inner circumference of the ring must be flush with the outer edge of the circle.

Ring size: 43 44 45 46 47 48 49 50

Ring size: 51 52 53 54 55 56 57

Ring size: 58 59 60 61 62 63 64

Ring size: 65 66 67 68 69 70
